Craig Ricato
Chief Executive Officer
ReNu Energy Limited
PO Box 2046
MILTON QLD 4064

Dear Craig,

Re: Request for Extension of Time – 1MW Geothermal Power Plant Activities (June 2014) – Statement of Environmental Objectives (SEO) – 5 year review

The Department for Energy and Mining – Energy Resources Division (DEM-ERD) on 23 January 2019 received a request from ReNu Energy Limited for (ReNu) an extension of time on the Geodynamics 1MW Geothermal Power Plant Activities SEO (June 2014) five year review.

DEM-ERD are aware that ReNu is currently in the process of finalising the plug and abandonment of its remaining two wells and completing the remediation of the power station area, before effecting the proposed transfer of ownership of the building.

DEM-ERD grant an extension of time for the review and submission of the revised SEO to the proposed date of **31 December 2019**. It is expected that any revised documents will have been consulted on with relevant stakeholders prior to formal submission to DEM-ERD for consideration under the *Petroleum and Geothermal Energy Act 2000*.

Furthermore, a comprehensive review of the above mentioned SEO and respective EIR must be undertaken prior to recommencement of operational activities on the 1MW Geothermal Power Plant Activities. Until such time, the ongoing rehabilitation and management of activities previously completed under the Geodynamics 1MW Geothermal Power Plant Activities SEO are to remain compliant with the requirements of the current SEO, gazetted in June 2014.

If you have any queries in relation to this matter please contact Jarrod Spencer via email at jarrod.spencer2@sa.gov.au or on (08) 8429 2447

Yours sincerely,
